This profile

belongs to a Scottsdale, Arizona, resident.

Numerous geolocalized searches confirms this location.

First search: that of a chain restaurant, with franchisees in San Francisco, Dallas, Plano (Texas) et Denver (« bob steak and chop »). The following search being a restaurant, based in Plano, « Jasper Plano », allows us to infer that the lady is looking for information about restaurants in Plano.

Two searches conducted on march 22nd and 28th, combining a local component (« Scottsdale az ») to usual activities (« puppy training », « happy hour »), allows us to identify the city the searcher lives in: Scottsdale, actually. This internet user wants his dogs trained in his city. He adds AZ for Arizona to his searches as there are various cities named Scottsdale all over the USA. The following search the same day « The pick six cuvee & hops », a Scottsdale restaurant confirms the place where she lives. Same observation for the search « 10855 n. frank lloyd wright blvd », an adresse existing only in Scottsdale, Arizona.
